

## BEECH CREEK BRANCH LINE

Comment Form for Public Scoping Meeting  
February 10, 2009

Thank you for joining us tonight to learn about environmental studies for the proposed reactivation of the Beech Creek Branch Line. An important component of the environmental clearance process is to gather and consider comments from the interested public. Please complete the information below and deposit this form in one of the collection boxes marked "Comment Forms".

1. In which municipality and county is your residence located?

CHESTERFIELD CO, MORRIS Twp.

2. How did you learn about the meeting tonight?

newspaper

3. Please tell us your comments about the information presented here tonight. (How well was the information presented; was it informative and understandable; were the consultants helpful in answering your questions; etc.)

Very poor, disorganized, expected to have presentation + questions and answers period. Felt that don't want to hear the public's feelings.

4. What additional comments about the proposed rail reactivation would you like to add?

I don't feel we should have the train in my backyard. I live especially heavily gardened. No to any train in my backyard.
